

FIRST ONLINE MEETING WITH THE STUDENTS

Icebreaker discussion at the start of the project in small groups.

- **Introduction and Icebreaker:**

- What's your name, and can you share something interesting or unique about yourself?
- What are your hobbies or interests outside of school?

- **Cultural Exchange:**

- What aspects of your culture or country are you most proud of?
- Are there any environmental practices or traditions related to sustainability in your region?

- **Ecological Awareness:**

- What does "ecology" mean to you, and why do you think it's important?
- Share a personal experience or observation that made you more aware of environmental issues.

- **Project Expectations:**

- What are you most excited about regarding this ecological collaboration?
- What skills or knowledge do you hope to gain from working on this project together?

- **Favorite Natural Spaces:**

- Describe your favorite natural environment or green space in your area.
- How do you think your local environment influences your understanding of ecological sustainability?

- **Sustainable Practices:**

- Are there any sustainable practices or initiatives in your school or community that you find inspiring?
- Share one small change you've made in your daily life to be more eco-friendly.

- **Minecraft and Creativity:**

- Have you used Minecraft for educational purposes before? Share your experiences.
- What creative ideas do you have for integrating ecological and sustainable elements into the Minecraft build?
- **Collaborative Vision:**
 - What do you hope the Minecraft ecological project will achieve?
 - How can collaboration between our schools contribute to a more sustainable future?
- **Challenges and Solutions:**
 - Anticipating challenges, what strategies can we implement to ensure effective communication and collaboration?
 - How do you think we can overcome potential language barriers or differences in time zones?
- **Future Goals:**
 - Share a personal or professional goal related to sustainability that you would like to achieve in the future.
 - How do you envision applying the knowledge gained from this collaboration in your future endeavors?
